

Justin Ternus

Age: 21

Job Title: Detailer

Company Name: Nucor Detailing Center

College/Degree or Certification: Associates in Drafting at Northeast College

What does your company do? Nucor Detailing Center draws joists and deck for our customer.

What attracted you to the company? I believe Nucor is the best company to work for is because of how well they take good care of their employees.

Please list some of your duties: Draw joists and decks, but mostly detail composite decks. Once in awhile I might help check another person's job.

What are the best/most interesting things about your job? The best thing is that you never detail the same job, it is always different.

What is the most rewarding thing about your job? The most rewarding thing about my job is that I really enjoy doing it.

How did you decide on this career path? My older twin brothers were in college and were taking drafting. So I took a class in high school and really liked it. When they told me about how much they liked their work and the opportunities that were in drafting, I decided to follow them.

What kind of school, classes, and training most prepared you with the necessary skills? I took drafting in high school, completed a two-year degree at Northeast Community College. I was pretty good in math and that was my favorite subject in school.

Do you make a good living? Yes. I recently bought a 2006 Ford pickup.

What kind of salary and benefits can a new employee at your company expect? The salary varies with experience. The benefits I believe are the best around here.

What kind of technology do you use and interact with? We use AutoCAD, email, telephones, faxes, printers.

What advice would you give to students who are undecided on a career choice? Make sure whatever your choice is, that you like doing it.

Finally, what do you think makes you a good Dream Team candidate? I believe that I am a hard worker and I take pride in what I do.
